- Low Battery indication

DISPLAY PANEL

POWER SUPPLY

Please remove the insulating strip from the battery contacts before using. Replace the battery when the "Low Battery Indication" shows. Use CR2032 x 1 pcs. (battery included).

LOW VOLTAGE INDICATION

If the screen appears "Lo", the scale will shut down automatically; the battery need to be replaced.

COMMISSIONING

• Insert one CR2032 type battery, observing the polarity, into a special compartment on the rear panel of the scale. Close the compartment. The scale is ready to work.

• **CAUTION!** When installing batteries, keep your hands and device dry.

OPERATION

• Place the scale on a secure and flat surface will ensure the greatest accuracy and repeatability.

Direct weighing:

- Press the key "ON/TARE" to turn on the scale. Weigh after display shows "0"

Additional weighing:

- Press "ON/TARE" key to turn on the scale. Put a container on the platform after the display shows "0". Press "ON/TARE" key to clear the weight of the container. Then put the object into the container.

AUTOMATIC SWITCHING OFF

• If you don't use the scale for more than 90 seconds after turning it on, it will be shut off automatically.

OVERLOAD INDICATOR

EEEE

Overload indication appears when the scale is overloaded; the message "EEEE" will appear on the screen.

MAINTENANCE AND CARE

• Wipe the scale with a soft cloth and cleaner, and then dry it.

• Do not use any organic solvents, aggressive chemicals and abrasives.

STORAGE

- Complete all requirements of chapter **MAINTENANCE AND CARE**.
- Do not put anything on scale when not in use.
- Keep the scale in a dry cool place.

FAULT DIAGNOSIS

Malfunction	Possible cause	Remedy	
Scale does not switch on	No battery	Check the presence of battery. If there is no battery, install it.	
The weight value is very different from the real value	Different unit of measurement is set	Check the unit switch and select the desired one.	
«Lo» appears on the display	The battery needs to be replaced	Replace the battery	
«EEEEE» appears on the display	Scale is overloaded	Do not exceed the limit value of the measuring range of scales	
In all other cases, please contact the service department!			

UTILIZATION

If a product has a symbol with a crossed-out wheeled bin, this means that the product complies with the European Directive 2012/19/EU.

Familiarize yourself with the local system for separate collection of electrical and electronic goods. Follow the local regulations.

Dispose of old devices separately from household waste. Proper disposal of your goods will prevent possible negative consequences for the environment and human health.
